

Hadden Associates

Bill Lawlor: (858) 945-4945

Kevin Wood: (949) 554-7838

Thermal management solutions including high performance heat sinks, research quality wind tunnels, next generation instruments, heat pipes and liquid cooling products address the most demanding thermal challenges on the market. ATS offers a wide range of air-to-air, air-to-plate and air-to-liquid thermoelectric assemblies and thermoelectric modules. www.gats.com
Arrow, Digi-Key, Mouser

Designs and manufactures standard and customized AC/DC Power Supplies, DC/DC Converters, LED Power, External Adapters, Switching Regulators and EMI Filters for Low Noise, High Voltage and High-Power Density applications. Specializes in value added services used in low cost, high quality industrial, telecom, medical and data acquisition <http://www.betadynepower.com>

Designs and manufactures custom EMI/RFI/HEMP/TEMPEST filters intended for COTS and military applications. Contract Manufacturing Division designs, builds and tests custom wire harness assemblies. www.captorcorp.com/

Emerging Display Technologies Corp.

Custom and standard small to medium size LCD modules in STN, FSTN, CSTN and TFT+PCAP touch. Ability to work with Chip on Board (COB), Chip on Flex (COF), Chip on Glass (COG), Tape Automated Bonding (TAB), Flexible Print Circuit Board (FPC), touch screen. <http://www.edtc.com> **Future, Walker, WPG**

Rechargeable battery cells and packs – NiMH, LiION, Li-Poly and LiFePO4 custom pack assemblies and chargers including safety circuit design and production for the industrial, medical and consumer markets. <http://www.hardingenergy.com/> **Future**

Printed circuit board design, verification, schematic capture and fabrication/assembly services. Familiar with PADS PCB, Allegro and Altium software tools. <http://www.pacdes.com/>

High Reliability power inductors, inverters, DC-DC converter, transformers, EMC components, chokes, antenna transponders, RF Coils, line and pulse transformers, audio and video transformers and common mode chokes. FIX Jumpers, ZIP Jumpers, FIX Jumpers, FIX Crimp, FIX Power, SMD, FFC, FLL, Flexible Modules <http://www.sumida.com/> **Arrow, Avnet, Digi-Key, Future, Mouser.**
